

Myth Busters About Online Proctoring

for the Food Protection Manager Certification Exam

Myth

Online proctoring means you take the exam online in the same room as the proctor.

Fact

Online proctoring means you take the exam online while the proctor monitors you remotely via your webcam.

Myth

Online proctoring is less secure than traditional in-person proctoring.

Fact

Online proctoring is more secure than traditional proctoring in many ways.

Myth

Online proctoring is not an approved method of taking the Food Protection Manager Certification Exam.

Fact

Online proctoring is ANSI approved and allowed by the majority of regulatory agencies.

Myth

If I am an approved StateFoodSafety proctor, I can monitor exams online.

Fact

Only ProctorU is authorized to proctor StateFoodSafety's FPMC exam online.
